

DOMETO 4-1

Code: K541

Description

Climbing frame with stylistics referring to the shapes of the snail and vivid colors. Construction and slides are made of stainless steel resistant to weather conditions and intensive use. Frames and railings are ended with balls so construction looks like a snail horns. Floor is made of HPL with non-slip texture. Thanks to this solution the floor is soft (more safety) and it is not heating during sunny days and it is not freezing during the winter.

Colorful playground set dedicated to young kids consists of four towers with one covered by roof.

Optional in colors: orange, blue, red and bright green (Multicolor) or grey and brown (Nature).
